| START PERIOD FOR RECEIVING SAMPLES | END PERIOD FOR RECEIVING SAMPLES |
|---------------------------------------|--|

The organization reserves the right to close registrations before the deadline if there are more than 1500 references registered to participate prior to this date.

Samples needed for participation:

For every beer registered into the contest, participants shall provide 4 samples for each type of beer.

Information about delivery

We will communicate the beers reception address with the confirmation of the registration. The delivery of the beers submitted to the contest will be the responsibility of the participant.

IMPORTANT: Possible additional custom charges (non -EU beers) will be charged to the brewery. Any shipping, customs and taxes will be paid by sender).

Our recommendations:

For breweries within the EU, based on previous experiences, it is recommended not to use the public postal service. We recommend to work with private transport companies that will ensure and take responsibility about the correct delivery.

For breweries outside the EU, once the pre-registration is done, the organization will contact the brewery to evaluate on a case-by-case, the best way to ensure a correct shipment as well as to inform about documentation requirements, additional costs and delays caused by the Spanish Customs.

The shipment must be accompanied by a proforma invoice stating: “Samples without commercial value”

The organization will not be responsible for any theft, lost, damages or delays arising in the process of delivering samples to the organization.

It's important to know that the organizers of the BBC will not admit samples sent in fully or partially damaged containers.

It is recommended that the packaging of the submitted beers is suitable for transport and guarantees delivery without incident.

Our recommendations: To avoid bottle damage, BBC recommends: wrap correctly, use a suitable box with good packaging material, and write down on the box “this side up” and “fragile”.

The BBC reserves the right to refuse samples in the event that, upon receipt of the beers, any irregularity is detected. The organization will notify participants of this with the objective of correcting the incidence(s) to the extent possible, and this may require participants to send new samples by urgent courier (and only if a reasonable timeframe is available).

Control and storage of samples received

The organizer guarantees the optimal storage of the samples received to qualify for the contest, storing them in a safe place at a suitable temperature and in atmospheric conditions for the correct conservation of the beers.

BBC will order the samples according to the style declaration linked to it on the registration form.

Samples that arrive late or that have not been correctly registered or that don't correspond to the registered product will not be presented for the competition neither returned.

Upon receipt of samples, the organization will check that the samples follow the labeling regulations that correspond to the manufacturing regulations stipulated in the country of production. BBC reserves the right to refuse samples if these do not meet the outlined specifications.
